### ***Nominations and Elections***

The Committee on Nominations and Elections solicits Councilors' input of qualified individuals for President-Elect and/or Directors for future consideration. Suggestions may be sent to [nomelect@acs.org](mailto:nomelect@acs.org). N&E has established the Vote 20/20 Task Force, charged with examining all aspects of nominations and elections for ACS national offices, and designing an enhanced process to be in place by the year 2020. ### ***Budget and Finance***

In 2015, ACS generated a Net from Operations of \$16.6 million, which was \$3.2 million favorable to budget. Total revenues were \$511.7 million, essentially on budget. Expenses ended the year at \$495.1 million, which was \$3.1 million or 0.6% favorable to budget. This variance was attributable to a continued emphasis on expense management across the Society. The Society's financial position strengthened in 2015, with Unrestricted Net Assets, or reserves, increasing from \$144.7 million at December 31, 2014 to \$163.3 million at year-end 2015.

Additional information can be found at [www.acs.org](http://www.acs.org), at bottom, click 'About ACS', then 'ACS Financial Information'. There you will find several years of the Society's audited financial statements and IRS 990 filings.

### ***Membership***

As of December 31, the ACS membership was nearly 157,000, which is 0.96% less than on the same date in 2014. The number of new members who joined in 2015 is 25,000. The Society's overall retention

rate is 84%. The committee also reported that the number of international members has increased to 26,022. That number is 965 higher than in December of 2014. The international growth rate is 3.85%.

## **Actions of the Board of Directors**

### ***The Board's Executive Session***

The ACS Board of Directors met March 11 - 12, 2016, and considered a number of key strategic issues and responded with several actions.

### ***Board Development***

ACS is a large, highly complex, global organization, with two major businesses – Chemical Abstracts Service and ACS Publications – and a significant professional membership organization component. The Board sets aside substantial discussion time at each meeting for the most important strategic issues facing the Society.

### ***Strategic Issues and Retreat***

The Board held a conversation focused on strengthening the process utilized for strategic issues discussions, and a discussion on timing and topics of a possible facilitated retreat for all Board members during 2016. Also, the Board is committed to development and discussed ways to continuously improve its effectiveness in the service of ACS as individual board members, and as a collective body.

### ***The Board's Committees***

The Board received input and discussed reports from its Committees on Grants and Awards, Executive Compensation; and the Joint Board-Council Committee on Publications.

On the recommendation of the Committee on Grants and Awards, the Board voted to approve an endowment to support the E. Bright Wilson Award in Spectroscopy.

Also on the recommendation of the Committee on Grants and Awards, the Board voted to approve language to be included in the guiding documents for the National Awards and Fellows Program to allow for the rescission of national awards and the ACS Fellows designations where reasonable grounds exist.

The Board received an extensive briefing and approved several recommendations from its Committee on Executive Compensation. The compensation of the Society's executive staff receives regular review from the Board.

On the recommendation of the Joint Board-Council Committee on Publications, the Board voted to approve the reappointments of Editors-in-Chief for two ACS journals.

### ***The Executive Director/CEO Report***

Executive Director and CEO Thomas M. Connelly, Jr. discussed ACS membership programs, reviewed the Information Technology area, and offered personal reflections on his first year as Executive Director and CEO. His direct reports updated the Board on the activities of Chemical Abstracts Service (CAS), the ACS Publications Division, the Office of the Treasurer and CFO, and the Society's Secretary and General Counsel.

### ***Presidential Succession***

The members of the Presidential Succession briefed the Board on their current and planned activities for 2016. President Donna Nelson highlighted presidential programming at the San Diego meeting on employment and diversity in the chemical sciences, and on organic chemistry education. Also, a special discussion topic on the U.S. Employment of Chemists will be conducted at the Council meeting.

### ***The Board's Open Session***

The Board held a well-attended open session which featured Amy Harmon, a reporter for the New York Times, who covers the social implications of science and technology. Ms. Harmon's topic was "Telling Science Stories: Dispatch from the Conflict Zone."

Prior to the presentation, members of the presidential succession and the Executive Director and CEO offered brief reports on their activities. The officers provided more extensive reports on their activities and/or future plans as part of their written and oral reports to the Council.

District V Caucus. The meeting was held on Sunday 13<sup>th</sup> March at 6.00pm. The caucus consists of all elected and at-large councilors who represent members in District V (local section, division councilors, board of directors' members). The caucus chose not to take a position on any of the items up for action except the petition on unemployed members. I continue to serve as Secretary to the Caucus.

Local Section Activities Committee (LSAC): I am continuing in my third and final year as chair of the 28 member LSAC. Our strategic plan last year developed a new subcommittee structure so those groups were working on their new operations items. We also provided training for new committee members on the process of reviewing annual reports (which is currently underway).
