Board Discussions

The Board of Directors received and discussed reports from the Governance Agility Task Force, the Committee on Grants and Awards, the Committee on Planning, the Society Committee on Budget and Finance, and the ACS Governing Board for Publishing.

The Board is seeking ways to engage ACS stakeholders to identify opportunities and issues for governance improvement that will enable ACS to advance its mission in a streamlined and simplified manner. The Board and the Council Policy Committee are creating a new task force that will look at the Society's future governance needs. Per the Board's discussion, the chair's report to Council provided additional details on a proposed Society-wide initiative to ensure an agile, efficient, and effective ACS. Additionally, the Board is considering proposed changes to certain Board committee duties and roles.

The Board discussed the history, role, and contributions of its Standing Committee on Corporation Associates, and the responsibility of ACS to effectively capture the needs of industrial members and their corporations.

The presidents of Chemical Abstracts Service and the ACS Publications Division shared details on their financial performance and editorial and new product development highlights. Executive Director and CEO Tom Connelly and his direct reports updated the Board on issues relating to Human Resources, ACS Finances, and Education.

The Board heard reports from members of the Presidential Succession on their key priorities and activities as they relate to those of the Board and for the purposes of coordinating their ongoing activities on behalf of the Society.

The Board's Regular Session

The Board held a well-attended regular session which featured a discussion on ACS National Meetings of the Future. Board Chair Pat Confalone opened the discussion by stating ACS National Meetings are a key way that ACS fulfills its obligation to deliver scientific information. These National Meetings are successful, but we are always looking for ways to improve and to anticipate what members' future needs – as to these meetings and other subjects – will be. Almost two dozen audience members came forward to offer comments, observations, and suggestions, prompted by a list of questions designed to help focus the discussion.

Councilor Talking Points and Summary of Governance Issues and Actions

Prior to the presentation, members of the presidential succession and the Executive Director and CEO offered brief reports on their activities. The officers provided more extensive reports on their activities and/or future plans as part of their written and oral reports to the Council.

District V Caucus. The meeting was held on Sunday 21st August at 6.00pm. The caucus consists of all elected and at-large councilors who represent members in District V (local section, division councilors, board of directors' members). The caucus chose not to take a position on any of the items up for action. I continue to serve as Secretary to the Caucus.

Local Section Activities Committee (LSAC): I am continuing in my third and final year as chair of the 26 member LSAC. Our strategic plan last year developed a new subcommittee structure so those groups were working on their new operations items. I presented nine LSAC awards at the 18thg Annual ChemLuminary Celebration held on the evening of 23rd August.
